

# Adding Testimonials to 1ShoppingCart

Thank you for choosing the 1ShoppingCart Testimonial Template! Below you will find instructions on how to easily add testimonials to your shopping cart Check Out or Cart Contents pages. If you find any problems or have any suggestions, please submit a ticket at <http://www.everythingwebbased.com/support>.

## Part 1: Adding Testimonials to Checkout Pages or Cart Content Pages

This is what the finished product on the check out page will look like:

The screenshot displays the 1ShoppingCart checkout interface. At the top, it says "Your Shopping Cart" and "Your order is safe and secure". Below this is a table with columns: Quantity, Product, Price, Total, and Remove. The table contains one item: "TEST UPSSELLS" with a quantity of 1, a price of \$0.01, and a total of \$0.01. Below the table, there is a coupon code field and a subtotal of \$0.01. The total is \$0.01. The "Billing Information" section follows, with a note that required fields are in bold. Fields include First Name, Last Name, Company, Phone, Fax, Email, Confirm Email, and Address. There are also security logos for McAfee SECURE and VeriSign Secured. On the right side, there is a red-bordered box containing two testimonials. The first testimonial is titled "I Can't Believe How Easy It Is..." and is attributed to Jane Doe from New York, NY. The second testimonial is identical. Red arrows point from the "Remove" link in the cart table and from the bottom testimonial box towards the right.

Quantity	Product	Price	Total	Remove
1	TEST UPSSELLS	\$0.01	\$0.01	X

Coupon code (optional):

Subtotal: \$0.01  
Total: \$0.01

**Billing Information**

Required fields are in **bold**.

First Name   
Last Name   
Company   
Phone   
Fax   
Email

**"I Can't Believe How Easy It Is..."**

"I was just looking for someone who could do this, without making it hard for me. I wanted to be able to just copy and paste my testimonials in, and now I can! Thanks for making this so easy and painless, I wish all web projects would be this easy!"

Jane Doe  
New York, NY

**"I Can't Believe How Easy It Is..."**

"I was just looking for someone who could do this, without making it hard for me. I wanted to be able to just copy and paste my testimonials in, and now I can! Thanks for making this so easy and painless. I wish

Begin by logging into your shopping cart as you normally would. Once you see the 1ShoppingCart home page, do the following:

1. Place your mouse over "**Setup**" in the top navigation bar, until the menu appears, and then click on "**Cart Customization**"
2. From the Cart Customization screen, you should see a "**Custom CSS**" and a "**Template Top**" section as seen in the screen shot below:

**1ShoppingCart**  
A Web.com Brand

Home » Setup » Cart Customization

✓ Your changes have been saved.

**Customization**

System Hosted Pages Template

**Custom CSS**  
Content entered here will be applied to all system hosted pages.

```
/* Hiding the Continue Shopping Button */
#ctl100_scPageContent_continueShoppingButton { display: none; visibility: hidden;}
#ctl100_ctl100_mainContent_scPageContent_continueShoppingButton { display: none; visibility: hidden;}
```

**Template Top**  
Content entered here will appear at the very top of all system hosted pages.

- Enter the following text at the bottom of the “**Custom CSS**” section, *after* any text you may already have in there:

```
/* Begin Testimonial CSS */
.wrapper-main {
float: left;
margin: 0;
width: 650px;
}
```

```
.wrapper-header-blank {
background: none;
float: left;
margin: 0;
width: 650px;
}
```

```
.checkout-wrapper {
margin: auto;
width: 900px;
}
```

```
.testimonials {
float: left;
```

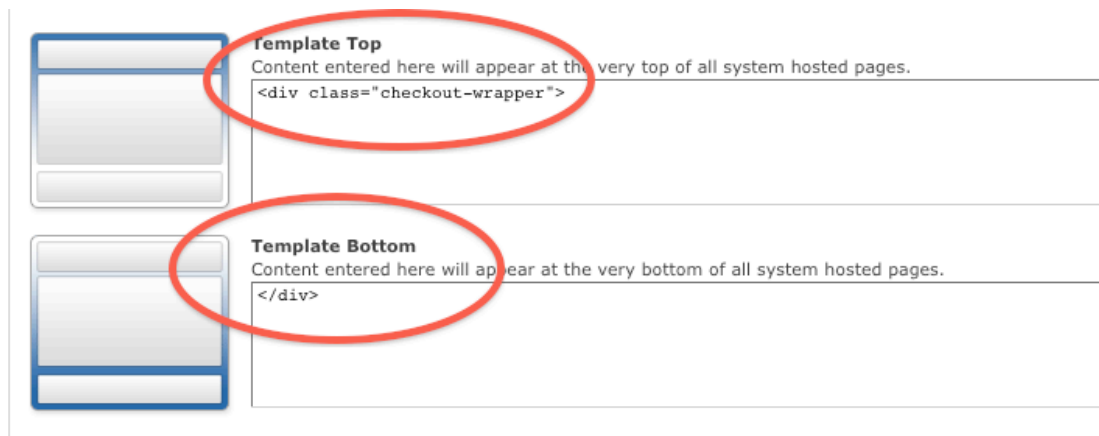

```
padding-left: 20px;
margin-top: 50px;
width:185px;
}
/* End Testimonial CSS */
```

4. Right below In the “**Template Top**” section enter the following html:

```
<div class="checkout-wrapper">
```

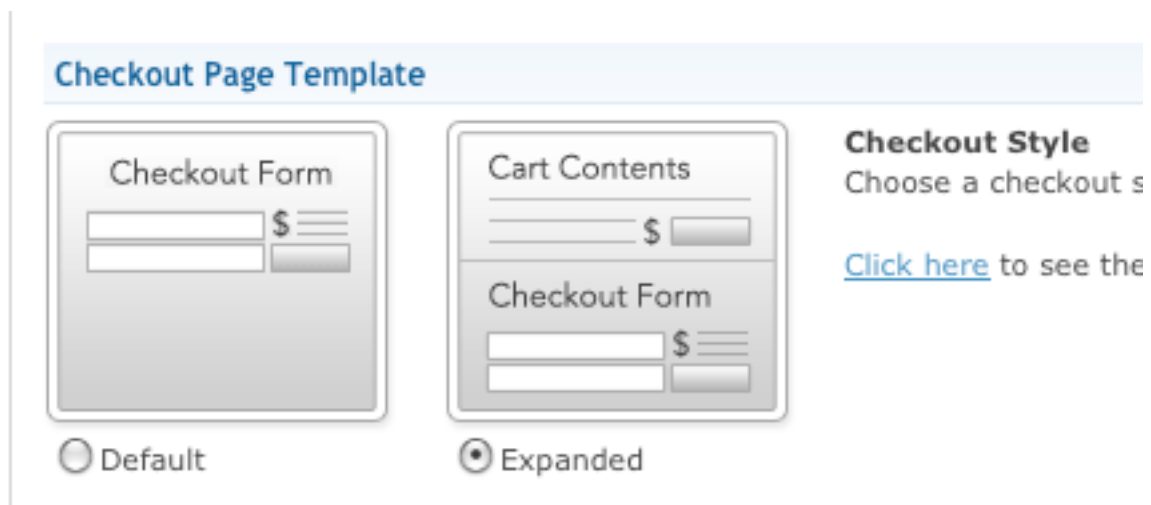

And in the “**Template Bottom**” section enter the following html:

```
</div>
```

The screenshot shows two sections: "Template Top" and "Template Bottom". Each section has a description and a text input field. The "Template Top" section description says "Content entered here will appear at the very top of all system hosted pages." and the input field contains the code `<div class="checkout-wrapper">`. The "Template Bottom" section description says "Content entered here will appear at the very bottom of all system hosted pages." and the input field contains the code `</div>`. Red circles highlight the input fields in both sections.

5. Scroll down to the “**Checkout Page Template**”, verify the Expanded radio button is selected as seen in the screen shot below:

The screenshot shows the "Checkout Page Template" section. It features two preview boxes: "Checkout Form" and "Cart Contents". Below these boxes are two radio buttons: "Default" and "Expanded". The "Expanded" radio button is selected. To the right of the radio buttons, there is a "Checkout Style" section with the text "Choose a checkout s" and a link "Click here" to see the

6. A bit further down you will find the “**\*Checkout Footer**” section. Paste the following code into this section, replacing all of the highlighted text with your specific testimonial information:

\*These instructions are for adding testimonials to the Checkout page. If you want to add testimonials to the Cart Contents page, just add the following code below to the “**Cart Contents Footer**” section instead of, or in addition to, the “**Checkout Footer**” section.

**\*\*Note:** If you want to only have one testimonial, delete the text from “**<!-- Begin Second Testimonial -->**” to “**<!-- End Second Testimonial -->**” If you want more testimonials just copy this same text and add it immediately after the “**<!-- End Second Testimonial -->**”

*[copy the text on the following page...]*

```
<!-- Begin Testimonials -->
<div class="testimonials">
<div id="testimonial-1" style="font-family: Verdana; font-size: small; border: 1px solid
#000; background-color:#FFFE4">
<div style="margin:7px;">
<p style="font-weight:bold; text-align:center;">
```

"I Can't Believe How Easy It Is..."

```
</p>
```

```
<p>
```

"I was just looking for someone who could do this, without making it hard for me. I wanted to be able to just copy and paste my testimonials in, and now I can! Thanks for making this so easy and painless, I wish all web projects would be this easy!"

```
</p>
```

```
<p align="right">
```

Jane Doe

```
<br /><em>
```

New York, NY

```
</em></p>
```

```
</div>
```

```
<!-- Begin Second Testimonial -->
```

```
</div>
```

```
<div id="spacer">
```

```
<p>&nbsp;</p>
```

```
</div>
```

```
<div id="testimonial-2" style="font-family: Verdana; font-size: small; border: 1px solid
#000; background-color:#FFFE4">
```

```
<div style="margin:7px;">
```

```
<p style="font-weight:bold; text-align:center;">
```

"I Can't Believe How Easy It Is..."

```
</p>
```

```
<p>
```

"I was just looking for someone who could do this, without making it hard for me. I wanted to be able to just copy and paste my testimonials in, and now I can! Thanks for making this so easy and painless, I wish all web projects would be this easy!"

```
</p>
```

```
<p align="right">
```

Jane Doe

```
<br /><em>
```

New York, NY

```
</em></p>
```

```
</div>
```

```
</div>
```

```
<!-- End Second Testimonial -->
```

```
</div>
```

```
<!-- End Testimonials -->
```

7. Scroll down to the bottom of the page and hit **“Save”**
8. To test this, move your mouse up to the **“Products”** menu, and then select **“Manage Products.”** From here, click the **“Test”** button on any of your products, click the **“Check-Out”** button once the new page opens up, and you will see your new testimonials!

## Part 2: Adding Testimonial to Product Checkout and Product Cart Contents Page

**\*\* Important \*\*** - Although it is possible to add different testimonials for each product, please be aware that if you do so by following these steps, you will also need to follow the steps in Part 1 above to include default testimonials (or something along the right hand side in place of them, e.g. a guarantee blurb) in the **“Checkout Page Template”** or **“Cart Contents Page Template,”** OR add testimonials to ALL of your products individually following the directions below.

Due to the way 1ShoppingCart’s Checkout and CartContents pages are set up the only way to make this work will cause your default Checkout and Cart Contents page to appear slightly to the left of center, instead of directly in the center, if you don’t have anything in the default template or individual product “Cart Contents” or “Checkout Pages” code sections.

*\*These are the same instructions as steps 1 - 4 above, so if you’ve already completed these steps, start on step 5.*

1. Place your mouse over **“Setup”** in the top navigation bar, until the menu appears, and then click on **“Cart Customization”**
2. From the Cart Customization screen, you should see a **“Custom CSS”** and a **“Template Top”** section as seen in the screen shot below:

**1ShoppingCart**  
A Web.com Brand

**Customization**

System Hosted Pages Template

**Custom CSS**  
Content entered here will be applied to all system hosted pages.

```
/* Hiding the Continue Shopping Button */
#ctl100_scPageContent_continueShoppingButton { display: none; visibility: hidden;}
#ctl100_ctl100_mainContent_scPageContent_continueShoppingButton { display: none; visibility: hidden;}
```

**Template Top**  
Content entered here will appear at the very top of all system hosted pages.

- Enter the following text at the bottom of the “**Custom CSS**” section, *after* any text you may already have in there:

```
/* Begin Testimonial CSS */
.wrapper-main {
float: left;
margin: 0;
width: 650px;
}
```

```
.wrapper-header-blank {
background: none;
float: left;
margin: 0;
width: 650px;
}
```

```
.checkout-wrapper {
margin: auto;
width: 900px;
}
```

```
.testimonials {
float: left;
```

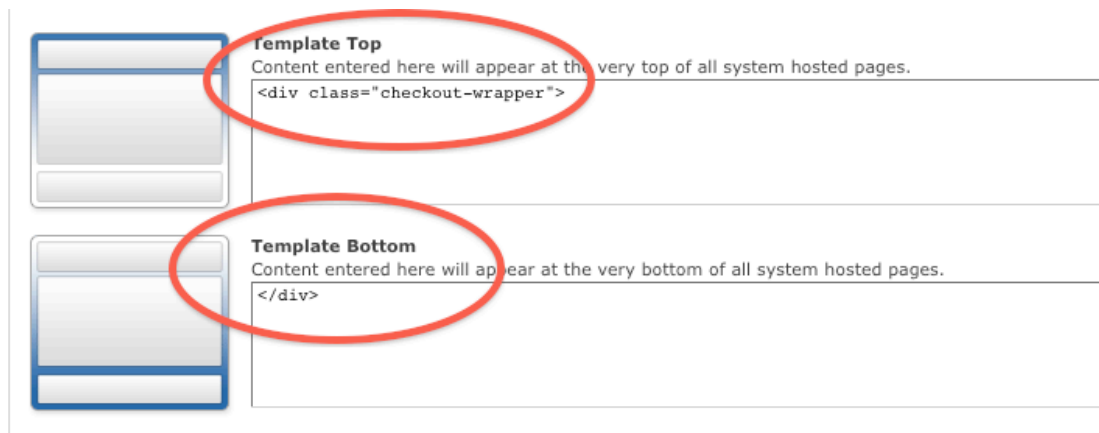

```
padding-left: 20px;
margin-top: 50px;
width:185px;
}
/* End Testimonial CSS */
```

4. Right below In the “**Template Top**” section enter the following html:

```
<div class="checkout-wrapper">
```

And in the “**Template Bottom**” section enter the following html:

```
</div>
```

5. **\*\*START HERE if you’ve completed Part 1\*\***

From the “Products” menu, select “Manage Products”, and then click “Edit” for the product you want to add the testimonials to.

6. Now that you’re on the “Add/Edit Product” page, Click on “**Optional Values**”, then click “**Product Layout**,” which will expand the product layout section with 4 textboxes.

7. In the “**Top HTML for Checkout**” section enter the following:

```
<div class="checkout-wrapper">
```

\*These instructions are for adding testimonials to the Product Checkout page. If you want to add testimonials to the Product Cart Contents page, just add the following code above to the “**Top HTML for Cart Contents**” section instead of, or in addition to, the “**Top HTML for Checkout**” section.

8. In the “**Bottom HTML for Checkout**” section paste the following code, replacing all of the highlighted text with your specific testimonial information:

\*These instructions are for adding testimonials to the Product Checkout page. If you want to add testimonials to the Product Cart Contents page, just add the following code below to the “**Bottom HTML for Cart Contents**” section instead of, or in addition to, the “**Bottom HTML for Checkout Footer**” section.

```
<!-- Begin Testimonials -->
<div class="testimonials">
  <div id="testimonial-1" style="font-family: Verdana; font-size: small; border: 1px solid
  #000; background-color:#FFFFE4">
    <div style="margin:7px;">
      <p style="font-weight:bold; text-align:center;">
        "I Can't Believe How Easy It Is..."
      </p>
      <p>
        "I was just looking for someone who could do this, without making it hard for me. I
        wanted to be able to just copy and paste my testimonials in, and now I can! Thanks for
        making this so easy and painless, I wish all web projects would be this easy!"
      </p>
      <p align="right">
        Jane Doe
      <br /><em>
        New York, NY
      </em></p>
    </div>
  </div>
```

**<!-- Begin Second Testimonial -->**

```
</div>
<div id="spacer">
  <p>&nbsp;</p>
</div>

<div id="testimonial-2" style="font-family: Verdana; font-size: small; border: 1px solid
#000; background-color:#FFFFE4">
  <div style="margin:7px;">
    <p style="font-weight:bold; text-align:center;">
      "I Can't Believe How Easy It Is..."
    </p>
    <p>
      "I was just looking for someone who could do this, without making it hard for me. I
      wanted to be able to just copy and paste my testimonials in, and now I can! Thanks for
      making this so easy and painless, I wish all web projects would be this easy!"
    </p>
    <p align="right">
      Jane Doe
    <br /><em>
      New York, NY
    </em></p>
  </div>
</div>
<!-- End Second Testimonial -->

</div>
</div>
<!-- End Testimonials -->
```

9. Your product page should look like the following:

Product Layout

Top HTML for Cart Contents

Bottom HTML for Cart Contents

Top HTML for Checkout

Bottom HTML for Checkout

Save Changes Create Delete

Use the **Create** button to save this product with the current changes as a new product.

[Back To Products](#) | [Previous](#)

10. Click on “**Save Changes**” and you’re done! \*Remember if you didn’t complete Part 1 and you’re just adding testimonials to each individual product, you must repeat these steps for all of your products! Otherwise product checkout and cart content pages without testimonials will appear slightly to the left.

11. To see your work, click the “**Back to Products**” link, find the product you just edited, and click “**Test.**” If you added the testimonial to the Cart Contents sections you should see them on the first page, otherwise click “**Checkout**” to go to the next page and enjoy your testimonials!
